PRODUCT SERIES

Six series, twenty-eight standard specifications.

Every carton dimension, packed volume and gross weight in this catalogue is measured, not estimated. They come from our own packing confirmation record and are re-verified whenever a packing method or carton supplier changes.

JL FLOATING BED FRAME

Carbon-steel square-tube frame with a recessed base — the floating look, on a conventional steel load path.

L FLOATING BED FRAME

D-tube floating frame with an integrated motion-sensor LED light strip — the premium option for hospitality and showroom lines.

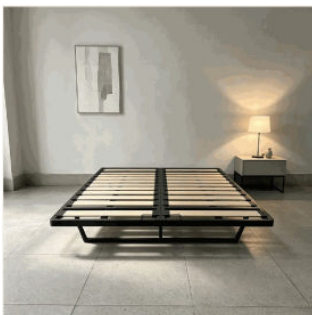

CZ1 KNOCK-DOWN BED FRAME

12 slats, fully knock-down, 50 mm slat gap. The smallest carton in the range at 0.06 m³ — the series to quote when freight, not unit price, decides the order.

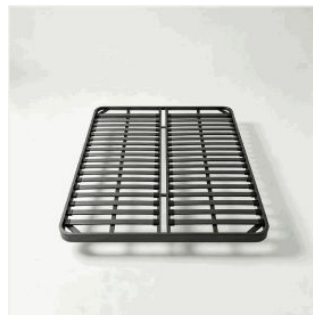

CZ2 KNOCK-DOWN BED FRAME

13 slats with a reinforced knock-down structure — the same flat-pack shipping advantage at 0.06–0.08 m³, specified for heavier contract and hospitality duty.

JY BED FRAME

A conventional steel bed frame at 260 mm bed height with 12 or 24 slats — the general-purpose answer to a standard brief.

SLAT BASE

A 30 mm low-profile slat base with 36 slats — built to European bed-surround standards and shipped flat.

FLOATING BED FRAMES

Concealed-leg frames with a floating silhouette.

JL FLOATING BED FRAME

Carbon-steel square-tube frame with a recessed base — the floating look, on a conventional steel load path.

- Carbon steel square-tube frame
- 16 or 32 slats, 25 mm gap
- Bed height 250 mm
- Recessed base for a floating silhouette

Frame: Carbon steel square tube · **Slats:** 16 (900–1350 mm) / 32 (1500–1800 mm) · **Gap:** 25 mm · **Bed height:** 250 mm · **Structure:** Fixed, concealed-leg floating base

Mattress size (mm)	Market	Slats	Carton L×W×H (mm)	Volume (m³)	Gross weight (kg)
900×2000	Single	16	2060×940×65	0.13	28.00
1200×2000	Single XL	16	2060×1240×65	0.17	30.00
1350×2000	Double (EU)	16	2060×1390×65	0.19	34.00
1500×2000	Double	32	2060×810×100	0.17	39.70
1800×2000	King (EU)	32	2060×960×100	0.20	43.02

L FLOATING BED FRAME

D-tube floating frame with an integrated motion-sensor LED light strip — the premium option for hospitality and showroom lines.

- Carbon steel D-tube frame
- 16 or 32 slats, 25 mm gap
- Human-body motion-sensor LED light strip
- Bed height 250 mm

Frame: Carbon steel D-tube · **Slats:** 16 (1200–1350 mm) / 32 (1500–1800 mm) · **Gap:** 25 mm · **Bed height:** 250 mm · **Structure:** Floating, concealed-leg base

Mattress size (mm)	Market	Slats	Carton L×W×H (mm)	Volume (m³)	Gross weight (kg)
1200×2000	Single XL	16	2060×1260×60	0.16	34.60
1350×2000	Double (EU)	16	2080×1405×60	0.18	38.00
1500×2000	Double	32	2080×800×95	0.16	42.30
1800×2000	King (EU)	32	2080×950×95	0.19	47.20

KNOCK-DOWN BED FRAMES

Engineered around container economics.

CZ1 KNOCK-DOWN BED FRAME

12 slats, fully knock-down, 50 mm slat gap. The smallest carton in the range at 0.06 m³ — the series to quote when freight, not unit price, decides the order.

- 12 slats, 50 mm gap
- Fully knock-down structure
- Carbon steel square-tube frame
- From 0.06 m³ per carton

Frame: Carbon steel square tube · **Slats:** 12 (all sizes) · **Gap:** 50 mm · **Bed height:** 250 mm · **Structure:** Knock-down / flat-pack

Mattress size (mm)	Market	Slats	Carton L×W×H (mm)	Volume (m ³)	Gross weight (kg)
900×2000	Single	12	1935×200×135	0.06	14.00
1200×2000	Single XL	12	1935×275×135	0.08	17.50
1350×2000	Double (EU)	12	1935×275×135	0.08	19.00
1500×2000	Double	12	1935×275×135	0.08	20.00
1800×2000	King (EU)	12	1935×275×135	0.08	25.00

CZ2 KNOCK-DOWN BED FRAME

13 slats with a reinforced knock-down structure — the same flat-pack shipping advantage at 0.06–0.08 m³, specified for heavier contract and hospitality duty.

- 13 slats, 50 mm gap
- Reinforced knock-down structure
- Carbon steel square-tube frame
- Contract / hospitality duty rating

Frame: Carbon steel square tube · **Slats:** 13 (all sizes) · **Gap:** 50 mm · **Bed height:** 250 mm · **Structure:** Reinforced knock-down / flat-pack

Mattress size (mm)	Market	Slats	Carton L×W×H (mm)	Volume (m ³)	Gross weight (kg)
900×2000	Single	13	1935×200×135	0.06	18.00
1200×2000	Single XL	13	1935×200×135	0.06	20.50
1350×2000	Double (EU)	13	1935×230×135	0.07	21.50
1500×2000	Double	13	1935×280×135	0.08	22.50
1800×2000	King (EU)	13	1935×280×135	0.08	26.50

STANDARD FRAMES & SLAT BASES

The conventional frame and the low-profile slat base.

JY BED FRAME

A conventional steel bed frame at 260 mm bed height with 12 or 24 slats — the general-purpose answer to a standard brief.

- 12 or 24 slats
- Bed height 260 mm
- Conventional four-leg structure
- Broadest size coverage (900 – 1800 mm)

Frame: Carbon steel square tube · *Slats:* 12 (900–1350 mm) / 24 (1500–1800 mm) · *Bed height:* 260 mm · *Structure:* Conventional fixed frame

Mattress size (mm)	Market	Slats	Carton L×W×H (mm)	Volume (m³)	Gross weight (kg)
900×2000	Single	12	940×2060×65	0.13	31.10
1200×2000	Single XL	12	1240×2060×65	0.17	35.50
1350×2000	Double (EU)	12	1390×2060×65	0.19	37.70
1500×2000	Double	24	810×2060×100	0.17	39.90
1800×2000	King (EU)	24	960×2060×100	0.20	44.30

SLAT BASE

A 30 mm low-profile slat base with 36 slats — built to European bed-surround standards and shipped flat.

- 30 mm thin frame
- 36 slats, 8.5 mm thick × 53 mm wide
- 52 mm slat gap
- Ships flat, drops into existing frames

Frame: Carbon steel, thin-section frame · *Slats:* 36 (all sizes) · *Gap:* 52 mm

Mattress size (mm)	Market	Slats	Carton L×W×H (mm)	Volume (m³)	Gross weight (kg)
1200×2000	Single XL	36	1210×2010×40	0.10	17.37
1350×2000	Double (EU)	36	1360×2010×40	0.11	19.20
1500×2000	Double	36	1510×2010×40	0.13	21.00
1800×2000	King (EU)	36	1810×2010×40	0.15	24.52

QUICK SELECTION

All 28 standard specifications.

Carton dimensions, volumes and gross weights are measured values. Volume is rounded up to 0.01 m³; gross weight includes packaging.

RFQ CHECKLIST

Send these six things and you get numbers back the same day.

The fastest quotes come from a model, a size and a quantity. Everything else we can work out with you.

1. Product model	JL / L / CZ1 / CZ2 / JY / Slat base
2. Mattress size	e.g. 1500 × 2000 mm
3. Quantity	Trial quantity or production quantity
4. Product requirements	Standard model, or structural / size / fitting changes
5. Packaging requirements	Single-carton packing, transport mode, e-commerce packing
6. Destination	Port or country of destination

Standard commercial terms

- Quotations valid 30 days. Default term FOB Shenzhen (Incoterms® 2020); EXW and CIF on request.
- MOQ 100 units per model and per size, which may be mixed in one container.
- Lead time 25–35 days from deposit and signed drawing; 30–45 days in peak season or for custom designs.
- Structural and workmanship warranty 2 years, moving parts 1 year.
- Frame outer dimensions follow the drawing confirmed between us. This catalogue is for model selection only — the confirmed drawing, sample and order specification govern production.
